

## DOWNPIPES

**Downpipes** are available in many different shapes and sizes to complement the fascia and spouting choice you have made.

Rectangle Colorsteel

Round Copper

PVC

Zincalume Pressed Bends

Round Colorsteel

## Why use Streamline Spouting?

**Our steel is heavier than the recommended industry standard.**  
So your fascia and spouting have greater durability and strength.

**Over 30 years experience in the building industry.**  
15 of those exclusively within the fascia and spouting sector.

**Our workmanship is guaranteed for 5 years.**  
Our materials are guaranteed for 10 years.

**Free onsite spouting and guttering checks.**  
Give us a call to organise a time.

**You only pay for what you get...  
no wastage!**

## Continuous Fascia • Spouting • Downpipes

**STREAMLINE**  
CONTINUOUS FASCIA & SPOUTING®

Copper Ogee

Leaf Dropper

**Only business in Manawatu providing Continuous Fascia**

**"...WE GO TO GREAT LENGTHS..."**

## CONTINUOUS SPOUTING

**Spouting** comes in colours, materials and profiles to suit all styles of homes whether traditional or contemporary. Each length of spouting is made on site to suit your home.

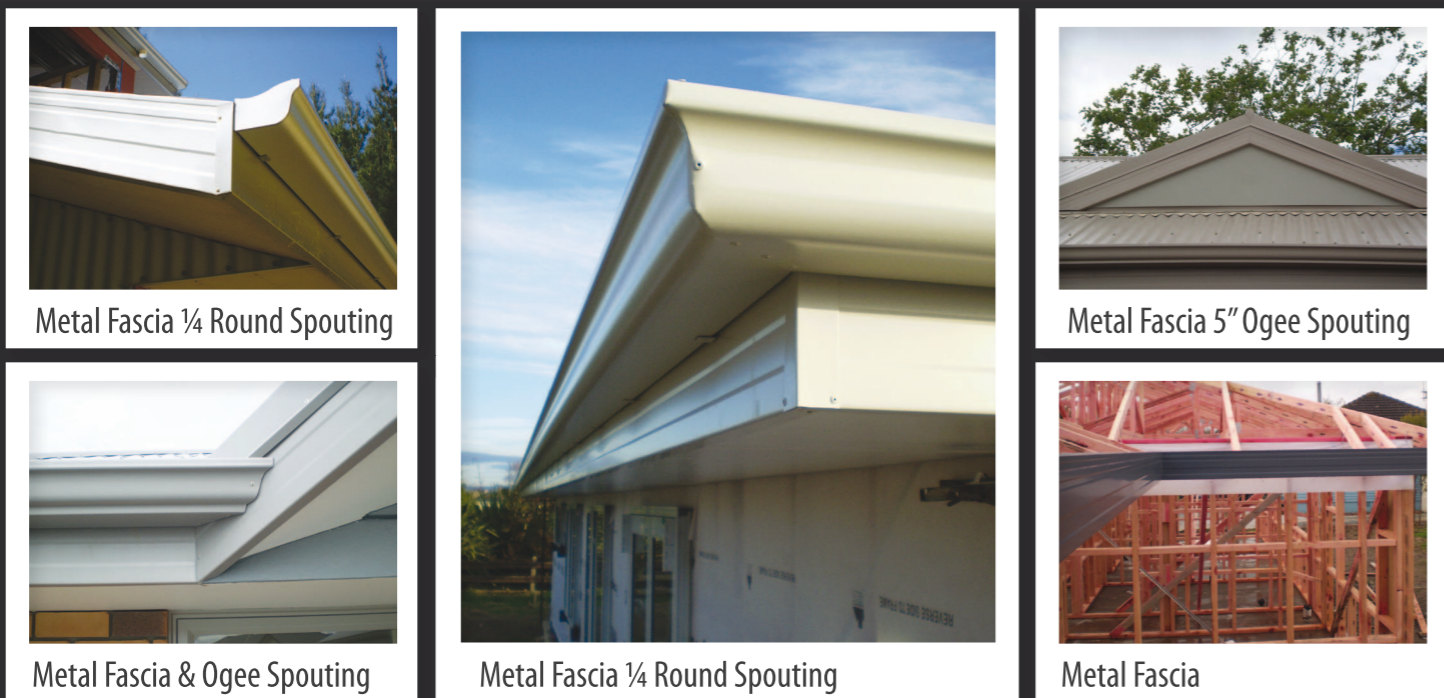

**We go to great lengths. Do it once... do it right**

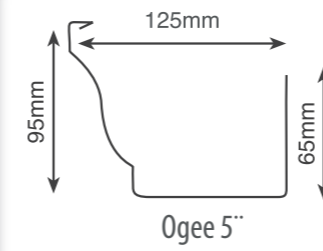

Our solutions focus on increasing the strength, durability and longevity of our products with the latest in new spouting designs, and bracketing technology. So your fascia and spouting lasts longer – even in harsh weather conditions.

## CONTINUOUS METAL FASCIA

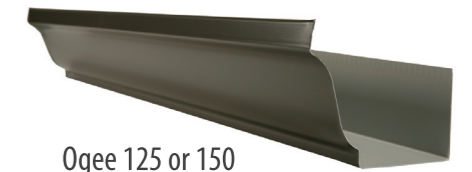

**Fascia** is made to measure with no joins, to 'Streamline' your home in the same material that you choose for your spouting.

## Benefits of Continuous Fascia and Spouting

**Made to measure onsite** – so there's no offcuts or wastage to pay for.

**No joins along the spouting** – your new spouting won't split or sag, so there's no place for water to leak and cause corrosion.

**Fast installation** – as soon as your spouting is formed, it's ready to be installed...  
**no waiting, no delays.**
